

# MELODIE CHI

melodiechi@gmail.com | [www.melodiechi.com](http://www.melodiechi.com)

*Full-stack web developer & designer with a strong psychology background and extensive educational experience. What I contribute: lightning-quick learning speed, adaptability, voracious appetite for knowledge, sharp analytical abilities. Open to a full-time developer position with a focus on expanding and deepening skills.*

HTML5  
CSS3  
Bootstrap 3  
JavaScript (ES6)  
jQuery  
Firebase  
Node JS

Mocha  
Chai  
MySQL  
Sequelize  
Express JS  
Handlebars JS  
MongoDB

Mongoose  
React JS  
Git  
Github  
Heroku  
RESTful API  
AJAX

## EDUCATION

**UCI Division of Continuing Education (2017 - 2018)**  
Full Stack Web Development Certificate

**New York University (2012 - 2015)**  
New York, NY  
Field of study: Psychology  
GPA: 3.8

## MOST RECENT APPLICATIONS

### Triply (In Development) (2018)

*Lead Full-Stack Developer & UX/UI Designer*

A concierge-style National Park planner for nature lovers who'd prefer to spend more time outdoors and less time planning. By bringing the information to the user, we streamline the research and organization process in order to minimize the headaches and heighten the fun.

React  
CSS  
Bootstrap  
JavaScript  
Axios/AJAX  
Node JS

Express  
Sequelize  
National Park Service API  
Hiking Project API  
Google Maps API

### PetRent (In Development) (2018)

*Lead Full-Stack Developer & UX/UI Designer*

A "pet therapy" application designed for individuals who love pets but can't commit to adopting one. Users can create, view, update, and delete an account, search for available pets around their area, and set a playdate with them for a certain amount of time.

Handlebars  
CSS  
Material Design  
JavaScript  
jQuery  
Axios/AJAX

Node JS  
Express  
MySQL  
Sequelize  
PetFinder API

### Starched (In Development) (2017-18)

*Lead Full-Stack Developer & UX/UI Designer*

A "style guide" app that allows users to upload images of their intended interview outfit and determines whether the outfit is interview-ready via machine-learning. Shows clothing stores near user's area via Google Maps along with a list of helpful interview resources.

HTML  
CSS  
Materialize  
JavaScript  
jQuery

Firebase  
Axios/AJAX  
Node JS  
Vize API  
Google Maps API

## RELEVANT EXPERIENCE

**ChiStudio (2017 - Present)**  
Santa Ana, CA  
Full-Stack Developer | Designer

**3Line Design (2015 - 2016)**  
Irvine, CA  
Graphic Designer | Copywriter & Editor
